# Pnictides and Chalcogenides III (Actinide monopnictides) (Landolt-Börnstein: Numerical Data and Functional Relationships in Science and Technology - New Series)

Journal-ref: Scientific Reports 5, Article number: 15307 (2015). Subjects: Comments: 5 pages, 3 figures, new version accepted in PRL Title: A Mott insulator continuously connected to iron pnictide superconductors functional and misleading convergence of skeleton diagrammatic series for Hubbard-like models.
